

Primary (General Practice) Care Commissioning Committee

1. Introduction

The Primary (General Practice) Care Commissioning Committee ('the Committee') is established in accordance with the NHS Cheshire CCG Constitution, Prime Financial Policies and Scheme of Delegation. These terms of reference define the membership, remit, responsibilities and reporting arrangements of the Committee which meet the requirements of the Constitution of the CCG and Managing Conflicts of Interest: Statutory Guidance for CCGs.

The accountability and decision making of the Committee has been delegated to the Committee by the Clinical Commissioning Group and NHS England.

2. Statutory Framework

Simon Stevens, the Chief Executive of NHS England, announced on 1 May 2014 that NHS England was inviting CCGs to expand their role in primary care commissioning and to submit expressions of interest setting out the CCG's preference for how it would like to exercise expanded Primary Medical Care commissioning functions. One option available was that NHS England would delegate the exercise of certain specified primary care commissioning functions to a CCG.

In accordance with its statutory powers under section 13Z of the National Health Service Act 2006 (as amended), NHS England has delegated the exercise of the functions specified in Schedule 2 of the respective delegation agreements to these Terms of Reference to NHS Cheshire CCG.

The CCG has established the NHS Cheshire CCG Primary Care Commissioning Committee. The Committee will function as a corporate decision-making body for the management of the delegated functions and the exercise of the delegated powers.

Arrangements made under section 13Z may be on such terms and conditions (including terms as to payment) as may be agreed between NHS England and the CCG.

Arrangements made under section 13Z do not affect the liability of NHS England for the exercise of any of its functions. However, the CCG acknowledges that in exercising its functions (including those delegated to it), it must comply with the statutory duties set out in Chapter A2 of the NHS Act and including:

- a) Management of conflicts of interest (section 14O);
- b) Duty to promote the NHS Constitution (section 14P);
- c) Duty to exercise its functions effectively, efficiently and economically (section 14Q);
- d) Duty as to improvement in quality of services (section 14R);

- e) Duty in relation to quality of primary medical services (section 14S);
- f) Duties as to reducing inequalities (section 14T);
- g) Duty to promote the involvement of each patient (section 14U);
- h) Duty as to patient choice (section 14V);
- i) Duty as to promoting integration (section 14Z1);
- j) Public involvement and consultation (section 14Z2).

The CCG will also need to specifically, in respect of the delegated functions from NHS England, exercise those set out below:

- Duty to have regard to impact on services in certain areas (section 13O);
- Duty as respects variation in provision of health services (section 13P).

The Committee is established as a Committee of the CCG in accordance with Schedule 1A of the “NHS Act”.

The members acknowledge that the Committee is subject to any directions made by NHS England or by the Secretary of State.

3. Role of the Committee

The Committee has been established in accordance with the above statutory provisions to enable the members to collectively consider the strategy, planning and procurement of primary care services in Cheshire, under delegated authority from NHS England.

In performing its role, the Committee will exercise its management of the functions in accordance with the agreement entered into between NHS England and NHS Cheshire CCG which will sit alongside the delegation and terms of reference.

The functions of the Committee are undertaken in the context of a desire to promote increased co-commissioning to increase quality, efficiency, productivity and value for money and to remove administrative barriers.
