

# Not everyone can get online. But, if you can, why not give it a go?

**74% of people** in our region said our online services were **quick and easy to access.\***

More people are now ordering their **repeat prescriptions** and checking their **medical records** online.\*

If you are registered with a local GP practice in Cheshire and Merseyside, there are some healthcare services you can access online.

Don't worry, this isn't designed to replace face-to-face care, as the option to access them in person will still always be there.

## Give it a go
